JURNAL

1. **Soal 1**

   Jawaban:

   a. **Table Film**

   Script:

   CREATE TABLE Film (
   id_film INT PRIMARY KEY,
   judul VARCHAR(100),
   sinopsis VARCHAR(100),
   tahun INT,
   durasi INT);

```
SQL> desc Film
 Name                                      Null?    Type
 ----------------------------------------- -------- ----------------------------
 ID_FILM                                   NOT NULL NUMBER(38)
 JUDUL                                              VARCHAR2(100)
 SINOPSIS                                           VARCHAR2(100)
 TAHUN                                              NUMBER(38)
 DURASI                                             NUMBER(38)
```

   b. **Table Theater**

   Script:

   CREATE TABLE Theater (
   id_theater INT PRIMARY KEY,
   harga INT,
   kapasitas INT,
   kelas VARCHAR(50));

```
SQL> desc Theater
 Name                                      Null?    Type
 ----------------------------------------- -------- ----------------------------
 ID_THEATER                                NOT NULL NUMBER(38)
 HARGA                                              NUMBER(38)
 KAPASITAS                                          NUMBER(38)
 KELAS                                              VARCHAR2(50)
```

   c. **Table Member**

   Script:

   CREATE TABLE Member (
   id_member INT PRIMARY KEY,
   nama VARCHAR(100),
   no_hp VARCHAR(15),
   tgl_lahir DATE,
   email VARCHAR(100));

```
SQL> desc Member
 Name                                      Null?    Type
 ----------------------------------------- -------- ----------------------------
 ID_MEMBER                                 NOT NULL NUMBER(38)
